

Mwero Abdalla
Full-Stack Developer

Phone: 254 792 982 134

Address: Mombasa, Kenya

Email: mweroabdalla@gmail.com

GitHub: <https://github.com/mwenaro>

LinkedIn: <https://www.linkedin.com/in/mwero-the-webmaker/>

Objective:

Results-oriented full-stack developer experienced in front-end and back-end development. Skilled in creating user-friendly interfaces and developing robust server-side applications. Committed to delivering high-performance web solutions through collaboration and effective communication.

Experience:

1. Full Stack Js Programming Instructor, GOMYCODE (Nov 2023 - Present)

- Inspire students to learn today's in-demand technical and soft skills.
- Coach students to independently find solutions to their problems.
- Guide students in their learning path, encouraging them to learn by making.
- Organize weekly meetings and follow-ups with students to ensure their progress.
- Evaluate assignments and hold simulated job interviews.
- Organize and facilitate group workshops.
- Ensure the smooth running of the educational program.
- Liaise with the hackerspace to guarantee an ideal student experience.
- Assist new instructors through the GoMyCode Mentorship Program.
- Record video courses to optimize the students' learning experience.
- Provide feedback on how we can improve!

2. Lead Developer, Mombasa Digital Solutions (December 2022 - Present)

- Led a team of 5 developers and successfully delivered 3 large-scale web applications using the MERN stack.
- Managed the full development lifecycle, including requirements gathering, architectural design, coding, testing, and deployment.
- Utilized TypeScript, PHP, Laravel, Next.js, and AWS services to deliver high-performance and secure applications.
- Implemented CI/CD pipelines with GitHub Actions, reducing deployment time by 50% and ensuring continuous integration and delivery.

3. Frontend Developer Engineer Volunteer, United States of Africa (October 2022 - Present)

- Developed responsive and user-friendly web interfaces using React, TypeScript, and Tailwind CSS.

- Collaborated closely with designers, product managers, and other developers to implement features and meet project requirements.
- Utilized Redux Toolkit for state management and Figma for design collaboration.
- Contributed as a volunteer to support the mission of the organization and developed an interactive donation platform, resulting in a 30% increase in online donations.

4. **Full-stack Developer**, Ipca Laboratories Ltd (August 2021 – November 2022)

- Worked as part of a cross-functional team to develop and maintain web applications using the MERN stack.
- Implemented Redux Toolkit for state management and utilized TypeScript and Tailwind CSS for efficient and scalable development.
- Integrated PHP and SQL databases for back-end development, ensuring data integrity and security.
- Implemented CI/CD pipelines using GitHub Actions, reducing build and testing time by 40% and ensuring faster and more reliable deployments.

5. **Frontend Developer**, Miyani Tech Center (April 2020 – July 2021)

- Developed responsive web interfaces using HTML, CSS, JavaScript, jQuery, React, and Bootstrap.
- Collaborated with designers to implement UI/UX designs and ensure a seamless user experience.
- Utilized modern front-end frameworks and libraries to create dynamic and interactive web applications.
- Participated in code reviews, identified performance bottlenecks, and implemented optimizations that improved page load times by 20%.

6. **Junior Developer**, Kwale International Sugar Company Ltd (August 2019 – February 2020)

- Assisted in front-end development using HTML, CSS, JavaScript, and jQuery.
- Collaborated with the development team to enhance user experience and optimized web pages for improved performance.

Education:

- BSc (Biochemistry), Karatina University (2012 – 2016)

Skills:

- Programming Languages: JavaScript, TypeScript, PHP
- Front-end Development: HTML, CSS, React, Next.js, Redux, Bootstrap, Tailwind CSS
- Back-end Development: Node.js, Express, MongoDB, SQL
- Tools and Technologies: Git, GitHub, AWS, CI/CD, Figma
- Project Management: Agile Methodologies, Scrum, CI/CD Pipelines

Soft Skills:

- Effective Communication: Strong verbal and written communication skills, ability to convey complex technical concepts to non-technical stakeholders, and active listening skills.
- Collaboration: Experience collaborating with designers, product managers, and fellow developers to achieve project goals, ability to work in cross-functional teams, and contribute to a positive team environment.
- Problem Solving: Strong analytical and problem-solving skills, ability to identify and address issues efficiently, and a creative approach to finding innovative solutions.
- Time Management: Excellent organizational skills, ability to prioritize tasks effectively, and meet project deadlines.
- Adaptability: Flexible and open to learning new technologies and methodologies, ability to quickly adapt to changing project requirements and environments.
- Leadership: Experience leading development teams, providing guidance and mentorship, and effectively delegating tasks to achieve project success.

Languages:

- English, Swahili
